A short period after  
that...

I SHOULD HAVE KNOWN!

HA! My trusted and  
longtime friend Kirkpatrick  
went yellow bellied like  
the rest! These men don't  
know what hardship is! I  
once survived an entire  
fortnight with nothing but  
palm fronds and a sack  
of rotten potatoes until I  
was rescued from a  
deserted island! We've  
been here a couple of  
days at most! Couple of  
days! And Kirkpatrick  
can't be bothered to keep  
these men in line. Fat lot  
of good he has done this  
crew!!

Hours later...

All better now. Nothing  
but me and my own.  
Twinkling and shining all  
are quiet now. Just us.  
Forever. Just us. They  
won't get to you, that I  
can assure you.

The last entry in the  
series...

Time...time has come time  
has gone. It will come and  
go again. Nothing to  
worry now, they're all  
gone. Ha ha! Just us,  
forever. Forever more.
